### MESSAGE

In "Azadi ka Amrit Mahotsav" period, it is evident that India has established itself as a strong democratic nation keeping in view the aim of "Ek Bharat, Shrestha Bharat." An efficient police system plays a vital role to maintain internal security and protect citizen's lawful rights. This is contingent upon the fact that the Police Force is equipped with the state-of-the-art equipment, their intelligence skills is enhanced, and training is imparted in such a manner so as to inculcate in them the citizen-centric approach. The Government is striving for making "Atmanirbhar Bharat" under Make in India. The focus is on to equip the police force with the state-of-the-art equipment and to make them tech savy, so as to tackle the present day challenges.

The Police Stations are one of the first points of contact for citizens and therefore, a police station should be citizen friendly. In order to bring healthy competition amongst the police stations, annual ranking exercise is conducted by the Ministry of Home Affairs. It is noticed that most of the top-ranked police stations are located in small town and rural areas. This clearly indicates that apart from importance of availability of resources, the dedication and sincerity of our police personnel is also more important to prevent and control the crime and serve the society.

I acknowledge the co-operation of State Governments for smooth conduct of the Survey. I express my heartiest congratulations on completion of this exercise and to each officer and staff of the selected police stations for their hard work and dedication. I believe that these policemen shall continue to discharge their duties with the same spirit and become the shining example to all the members of the police forces.

### Message

India has a well-established police-system, however, it is also true that there is always a scope for improvement. There is continuous endeavor to bring reforms in the functioning of police. As India is celebrating 75<sup>th</sup> years of its independence, the role of police has become one of the most important interfaces of the Government.

The annual exercise of ranking of Police Stations is aimed at to bring healthy competition among police stations and to inspire them to bring more efficiency in the working of police stations and improve their performance. The infrastructure at police stations, crime prevention, feedback of citizen etc. is taken into account for ranking the police stations. This also brings police force to become citizen-centric. The ranking exercise also helps in building responsible and accountable police force, which is the integral part of good governance. Such ranking also provides a picture of the state of physical infrastructure, resources and deficiencies at the level of police stations. Their responses shall form important inputs in policy formulation at the national/state level.

I congratulate all the officials of the top-ranked police stations and hope all police stations of our country will emulate their example and contribute in serving the nation with utmost sincerity and devotion.

(Nityanand Rai)

### **MESSAGE**

Police system in India has undergone various reforms in the fast moving world. Modernisation of police forces in infrastructure and approach has been the priority of the Government. The annual evaluation of police stations across the country recognizes not only the hard work of our police personnel but also provides a feedback on many aspects of policing.

2. The exercise of annual survey has been conducted by the extensive use of the CCTNS database and ground survey conducted by the third party agency. The police stations have been shortlisted based on parameters of crime against women, weaker sections, property offences and cases of missing persons. The assessment done on certain crime and performance based parameters also include infrastructure of the police stations and citizen feedback. Keeping in view the 'Swachh Bharat Abhiyan', the cleanliness drive in police stations was also one of the key parameters of the survey. Besides, IT facilities, forensic infrastructure, police radio communication, digitization of the records etc. were the other parameters for assessment. The survey on citizen's interface has also been revamped to better reflect the concern of the citizenry. All the States/UTs have enthusiastically participated in this year's survey.

3. I thank the State Governments/UT Administrations for their cooperation in the smooth conduct of the survey which will be valuable for all the stakeholders.

4. I take this opportunity to convey my best wishes to the officials of the top-ranked Police Stations. I also believe that these police stations are setting the example to improve the image of police towards citizens and fulfilling their lawful expectations.

**(Ajay Bhalla)**

# 1. INTRODUCTION

The policemen are entrusted with powers which has a great impact on the prevailed standing of the society. The policemen are responsible to maintain law and order and protect the life, liberty and property of citizens. The duties and responsibilities of policemen have evolved over the period of time. The work environment can be physically demanding, potentially challenging and extensive. However, it is also highly satisfying as it gives a chance to make a visible difference in the society. Among others, few responsibilities of the police which make their task challenging are:

- ✓ Uphold and enforce law impartially
- ✓ Protect life, liberty, private and public properties, human rights and dignity of the citizens
- ✓ Protect internal security
- ✓ Detection, prevention, control and investigation of crimes.
- ✓ To create a feeling of security in the society.

In the recent context, “Ek Bharat, Shrestha Bharat” the clarion call given by the Hon’ble Prime Minister envisages to enhance interaction and promote mutual understanding between people of different States/UTs through the concept of State/UT cooperation. A strong case exists for Police Personnel to emerge as a flag-bearer of the spirit of ‘Nation first, Always First’ to unite citizens of India across its length and breadth by building harmony and trust.

Considering this background, it only makes sense to take up measures to continuously improve and strengthen the effectiveness of the policing system. One such measure is ranking of public institutions which has rightfully earned considerable importance in the governance of society. Modern Police organizations across the world use metrics and continuous improvement frameworks to measure and improve the performance of the forces’ operations and effectiveness. In this connection, Ministry of Home Affairs, Government of India has taken up annual ranking survey to reward the best-performing police stations which intends to recognise

the devotion and hard work of our police personnel and to instil a sense of competitiveness in the police force. Furthermore, it also provides a picture of the state of physical infrastructure, resources, and deficiencies at the level of police stations.

The exercise of ranking the best police station across the country is conducted under the supervision of the Police Modernization Division of Ministry of Home Affairs, which also facilitates shortlisting of police stations from all over the country, followed by a survey of shortlisted police stations. The police stations are then ranked based on their performance based on selected criteria. The Police Modernization Division of the Ministry of Home Affairs entrusted TransRural Agri Consulting Pvt. Ltd. (TRUAGRICO) as per due procedure with the responsibility of shortlisting and conducting the evaluation of top police stations in the country for the year 2022.

## 2. SHORTLISTING AND EVALUATION

### Shortlisting Process

There are 17,379 sanctioned police stations across the country<sup>1</sup>. Out of this, 9,378 Police Stations are located in rural areas, whereas 4,929 Police Stations are located in urban areas, and the remaining 3,072 are the Special Purpose Police Stations. Tamil Nadu has the highest number of Police Stations in the country (2272), whereas the lowest, i.e., 6 Police Stations, are in the UT of Dadra & Nagar Haveli and Daman & Diu. Since the assignment was aimed at ranking the top-performing police stations, instead of sampling, the process of shortlisting was preferred. Accordingly, shortlisting of police stations using the crime data available with National Crime Record Bureau (NCRB) for all Police Stations was conducted. All Police Stations were ranked State-wise based on their performance on the parameters and weightage as indicated below:

Shortlisting Parameters	Maximum Marks	Weightage	
Crimes against Women	10	A-70%	B-30%
Crime Against Weaker Section	10	A-60%	B-40%
Property Offences	10	A-70%	B-30%
Missing Persons Cases	10	C-100%	
Unidentified Found Persons Cases	10	C-100%	
Unidentified Dead Bodies Cases	10	C-100%	

A- Percentage of FIR Charge sheeted out of Total FIRs Registered

B- Percentage of FIR for which charge sheet generated within 60 days

C- Percentage of Photos Uploaded out of Total Cases.

Every State/UT finds a spot in the annual shortlisting of Police stations from the country. As the number of police stations in each State/UT varies significantly, a representative number of police stations is selected for evaluation.

<sup>1</sup> As on 01-01-2021, as per Bureau of Police Research and Development (BPR&D)

Ranging from 1 to 3, police stations are shortlisted as per criteria given below:

- State with more than 750 police stations: 3 Police Stations shortlisted
- States and NCT Delhi with less than 750 Police Stations: 2 Police Stations shortlisted
- Union Territories: 1 Police Station shortlisted for each UT

For assessment and evaluation for the year 2022, the number of sanctioned police stations vis-a-vis the number of shortlisted and evaluated police stations is given in the table below:

Sl.	State/ UT	Sanctioned PS	Nos. of Shortlisted PS
1	Tamil Nadu	2272	3
2	Uttar Pradesh	1656	3
3	Maharashtra	1165	3
4	Madhya Pradesh	1117	3
5	Bihar	1096	3
6	Karnataka	1054	3
7	Andhra Pradesh	1021	3
8	Rajasthan	894	3
9	Telangana	841	3
10	Gujarat	741	2
11	West Bengal	634	2
12	Odisha	627	2
13	Jharkhand	564	2
14	Kerala	564	2
15	Chhattisgarh	467	2
16	Punjab	430	2
17	Haryana	392	2
18	Assam	344	2
19	Delhi	209	2
20	Uttarakhand	159	2
21	Himachal Pradesh	148	2
22	Arunachal Pradesh	140	2
23	Manipur	113	2
24	Nagaland	86	2
25	Tripura	84	2
26	Meghalaya	75	2
27	Mizoram	44	2
28	Goa	43	2
29	Sikkim	30	2
30	Jammu & Kashmir	241	1
31	Puducherry	55	1
32	Andaman and Nicobar Islands	24	1
33	Chandigarh	18	1
34	Lakshadweep	16	1
35	Dadra & Nagar Haveli and Daman & Diu	8	1
36	Ladakh	7	1
	<b>Total</b>	<b>17379</b>	<b>74</b>

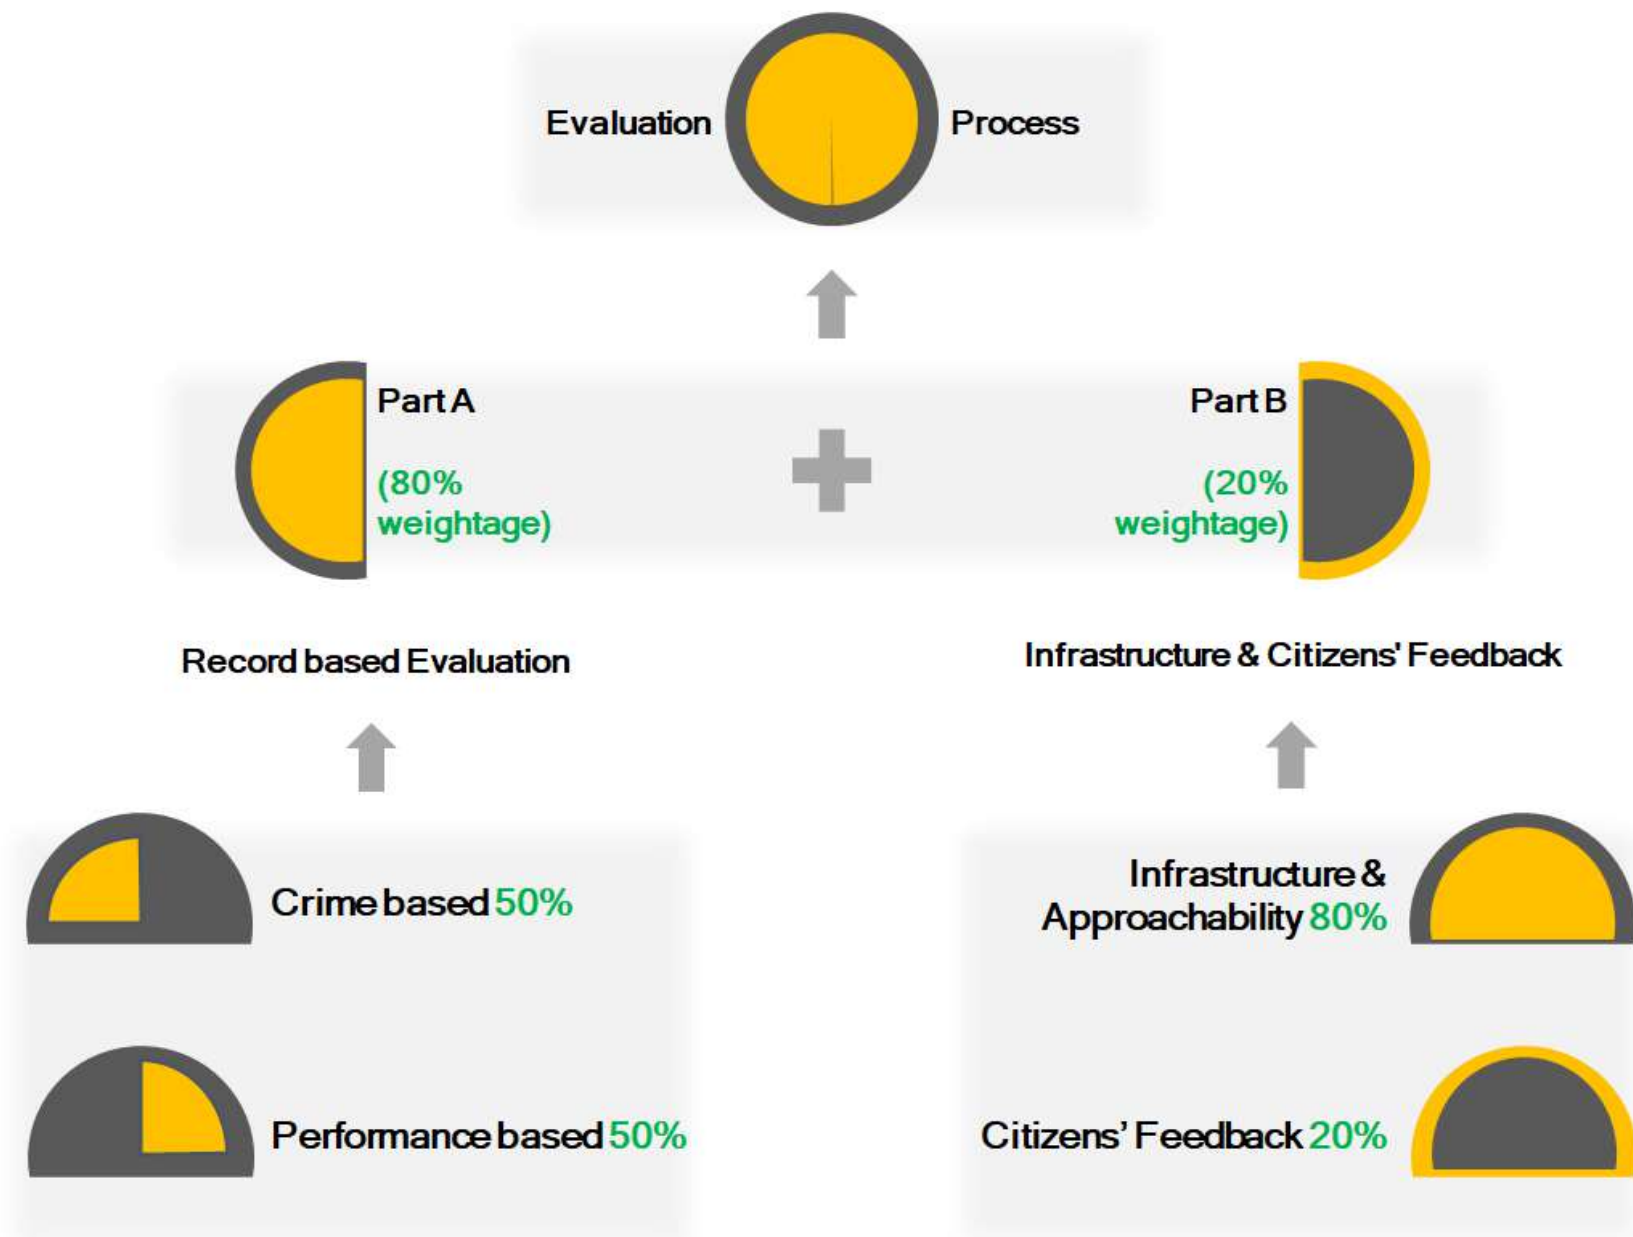

As depicted, out of 17379 Police stations, 74 stations were selected for evaluation.

## Evaluation Process

The entire evaluation process has been covered in two parts.

A. Part-1 comprises of evaluation based on record and this carries a weightage of 80 percent in the overall score.

B. Part-2 comprises of survey-based assessments and carries an overall weightage of 20 percent. Further, from the 20 percent assigned weightage to Part-2, the maximum weightage (80 percent) has been assigned to Infrastructure and Approachability of the Police Stations, followed by 20 percent weightage to Citizens' Feedback.

## Part-1: Record Based Evaluation

During this stage, shortlisted Police Stations were evaluated based on the “Performance Measurement System” adopted by the BPR&D. A scoring matrix has been created by BPR&D with positive marks for specific performance and negative marks for under-performance in certain parameters. The Performance Measurement System of BPR&D has listed out 19 major heads for evaluation. These 19 heads can be categorized into two groups viz. ‘crime based (1 to 8)’ and ‘performance based (9 to 19)’.

### Crime Based

- Crime prevention and proactive measures
- Execution
- Disposal of cases
- Law and Order
- Minor Acts like RPGO, Excise, NDPS and Arms acts
- Cases under case officer scheme
- Trapped by ACB
- Suspension

### Performance Based

- Action towards Crime against women
- Disposal of old cases
- Police Officers behaviour
- Crime against weaker section
- Verification
- Road Safety
- Conviction
- Malkhana
- Pendency
- Community Reach
- False Entry

**Score of Headers 1-8: (S<sub>1</sub>):** For every Police Station, the total marks were calculated by the addition of values against each head obtained by multiplying the number of cases under each sub-head with the points (as per the format of BPRD). Each head was transformed linearly on the range as mentioned below:-

Crime Based Heads	Score Range
Minor Acts	0 to 20
Preventive Actions	0 to 20
Execution	0 to 10
Disposal of Old Cases	-10 to 20
Cases under Case Officer Scheme	-10 to 20
Law & Order	-20 to 0
Trap by ACB	-50 to 0
Suspension	-10 to 0

**Score of Headers 9 -19 (S<sub>2</sub>):** For each Police Station total marks was calculated by giving points under headers 9 -19 (as per the format of BPRD) depending on the cases under each sub-head.

## **Part-2: Survey Based Assessment**

The survey was designed for this stage to assess the Infrastructure of the Police Station, the approachability of the personnel and Citizen's Feedback.

**a) Infrastructure of the Police Station and approachability of the personnel-** This parameter is comprised of physical infrastructures like Police Station's building, rooms, amenities, furniture and their overall upkeep and maintenance, the discipline of the Police personnel and their approachability for the public.

The Police Station building is a public place, where people visit for various public services and urgency. It is therefore imperative that infrastructure at the police station should be sufficient enough to attend to all the visitors and should maintain adequate cleanliness. The Police Station building is also the place where the Police personnel spend a significant amount of time and therefore proper facilities of clean office space, mess and barracks are essential for the personnel to endure long hours of work. To ensure a thorough evaluation, the Police Stations were assessed on the following parameters:

- a) The infrastructure of the Police Station Building
- b) Discipline and Approachability of the Personnel
- c) Storage of Manual Records
- d) The infrastructure of Mess and Barracks
- e) SHO Declaration on the procurement and budgetary process

**b) Citizen Feedback -** Citizens expect a transparent, accessible and responsive Police service to ensure their security and solution to issues. Evaluating Police performance and service delivery begins with understanding citizens' needs and priorities. Combining citizen feedback information with operational data availed through visits helped evaluate the overall performance of the Police Stations.

The citizen feedback was divided into three categories -

**People leaving the Police Station (Complainants- 10 nos.)** - Feedback of the complainants were recorded to evaluate their overall experience at the Police Station and level of satisfaction with the services of the Police in their area.

**Market Place (Shopkeepers in the market- 25 nos.)** - Shopkeepers in the marketplace are the primary source of information about the service of the Police in that area. They are witness to situations like brawls and snatching in the marketplace and how the Police personnel tackle such situations. They are also a constant witness to Police patrolling in the market area.

**Pedestrians (Pedestrians in a residential area -25 nos.)** - Pedestrian feedback was recorded to evaluate the language, tone and behaviour of Police personnel with citizens while interacting with them and whether proper safety measures are taken by the Police in their area like patrolling at night.

### **Execution of the Survey**

The data collection process started with the training of enumerators/ assessors. The assessors were trained for the field survey through a two-day training programme. In total, during the training programme, around 60 assessors were trained on the concepts of the project, the questionnaire, the survey methodology, the tech application and mannerisms to approach the officials as well as the general public. Upon completion of the training programme, the assessors were immediately deployed for the field survey.

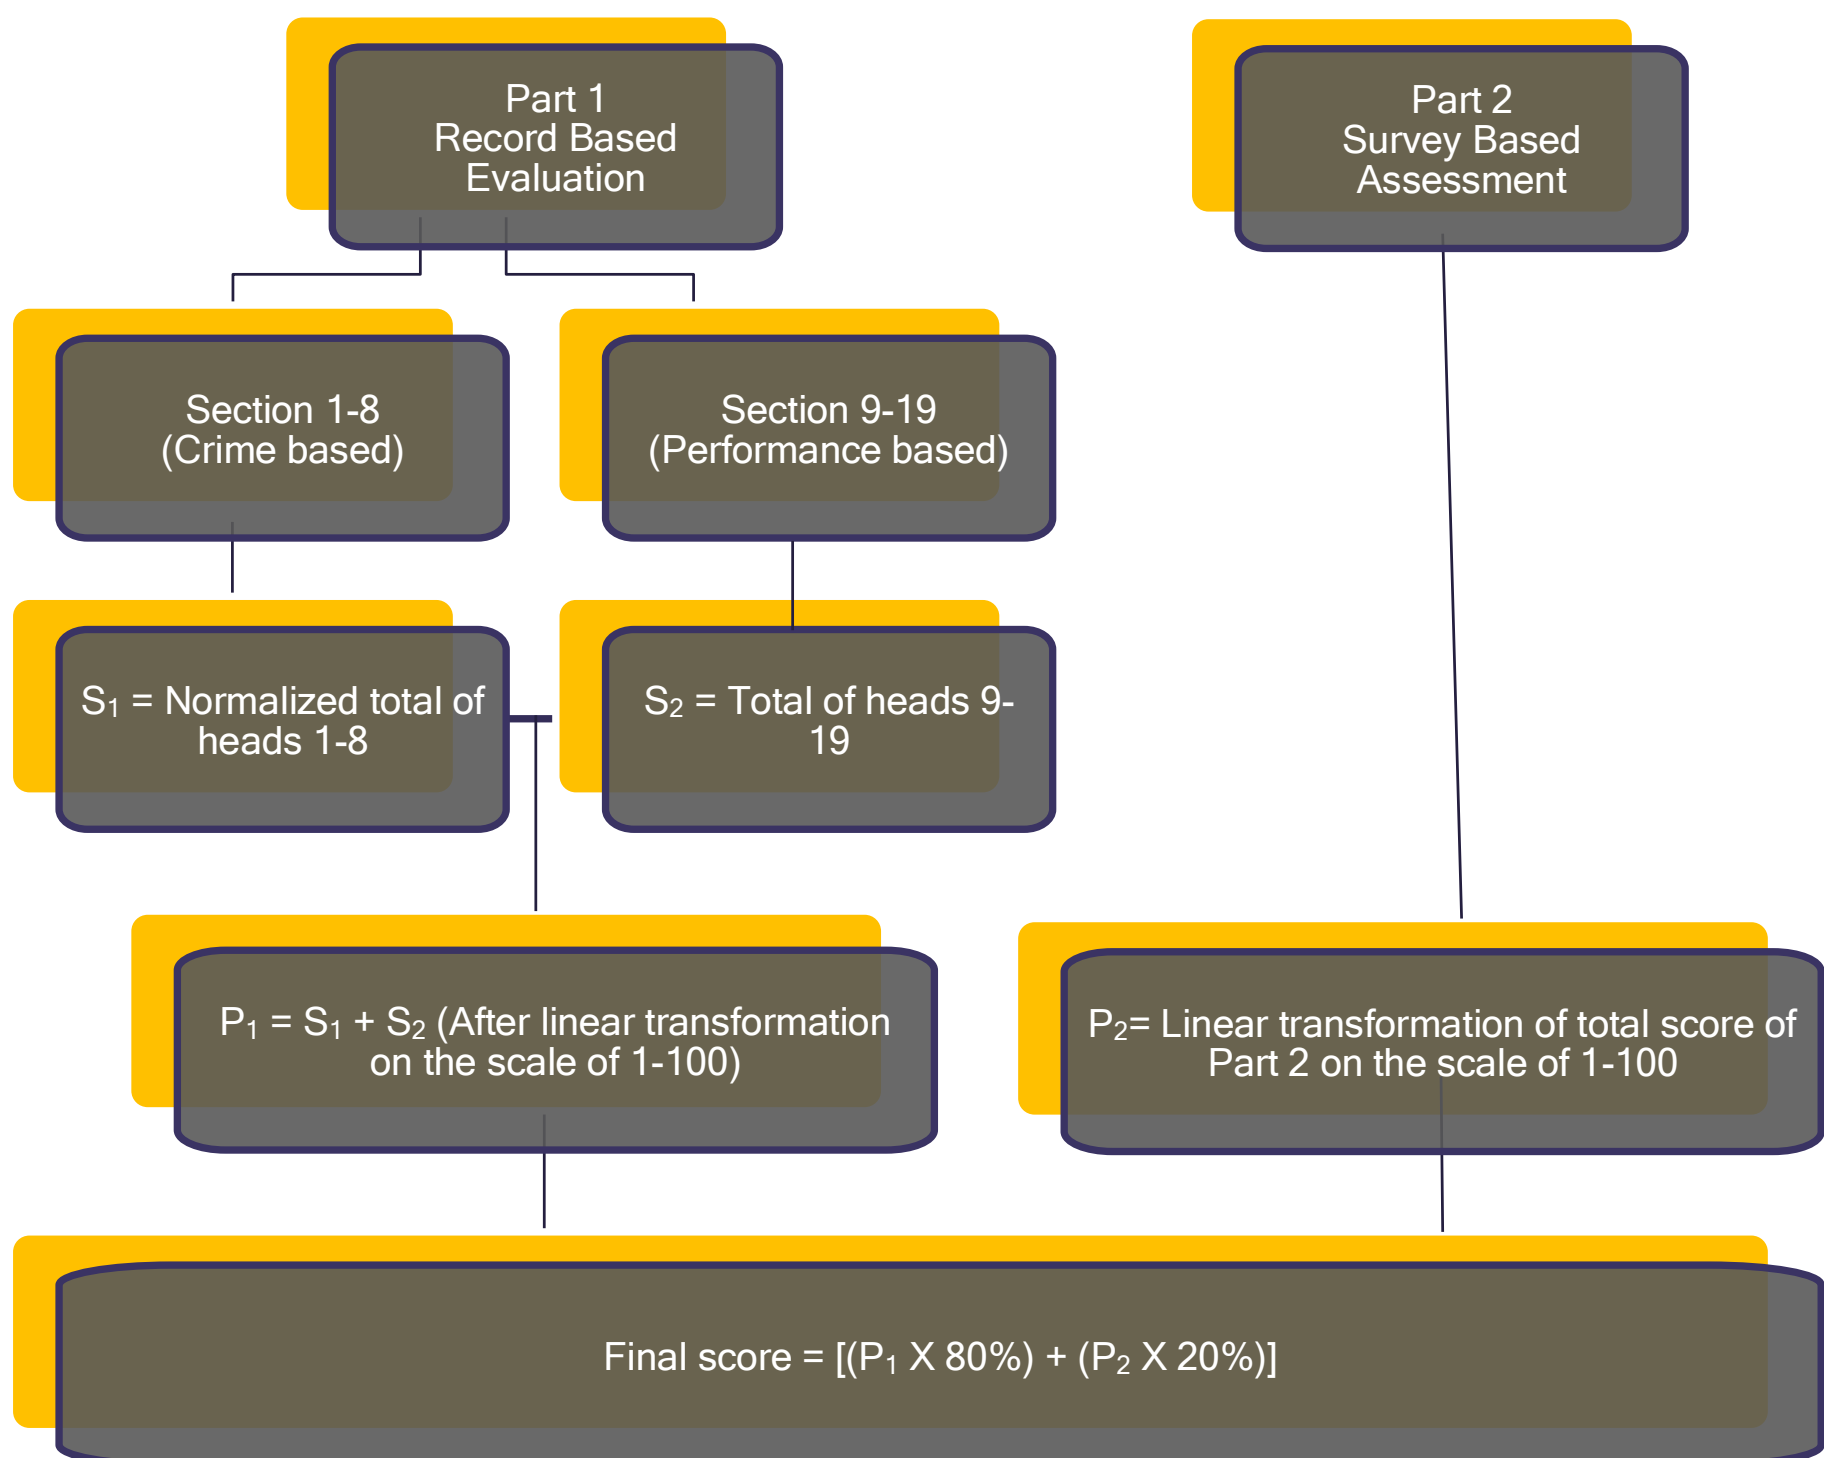

Assessors were appointed mostly from the same State (in the case of South Indian and North-Eastern States) as they had a linguistic advantage while interacting with local citizens. However, in the cases of Hindi speaking States, a team of assessor were assigned multiple State/ UTs. For example, the team of assessors visiting Gujarat also covered Dadra & Nagar Haveli and Daman & Diu. Similarly, the team visiting Police Stations in Delhi also visited Police Stations in Uttar Pradesh and Haryana.

The final on-ground survey was conducted as per the scheduled time.

## Final Score Calculation

In the case of assessment of score for 'crime based' heads, the technique of Linear Transformation was applied. The final score of 'crime based' heads was termed as  $S_1$  and the score of 'performance based' heads was termed as  $S_2$ . The sum of  $S_1$  and  $S_2$  was termed as  $P_1$  (Part-1 Point). In the case of Part-2 evaluation also, the technique of Linear Transformation was applied. The linearly transformed score of Part-2 was termed as  $P_2$ . The final score was calculated by giving a weightage of 80 percent to  $P_1$  and 20 percent to  $P_2$ .

### 3. KEY OBSERVATIONS

#### Part-1: Record Based Evaluation

A format was prepared and circulated to all the shortlisted police stations from across the country. The Station House Officer (SHO) of respective police stations were tasked with submission of filled in format to the assessor appointed by TRUAGRICO. Based on the information submitted by SHO, the record-based evaluation was carried out. The results of the record-based evaluation have been presented under two major heads i.e., Crime Based Evaluation and Performance-Based Evaluation.

Banbasa PS, Uttarakhand scored a highest of 40 points for being the best among shortlisted police stations in terms of promptness of action against crimes. It was followed by Sachin PS, Gujarat (scoring 33 out of 40) and Chopna PS, Madhya Pradesh (scoring 24 out of 40). In the case of performance-based scoring, Women PS from Arwal district of Bihar scored the highest of 40 points followed by Bhoopdeopur PS from Raigarh district of Chhattisgarh (39 out of 40) and Women PS from Kohima district of Nagaland (38 out of 40).

Categorization of States/UTs on 'Crime Based Heads (S<sub>1</sub>)' Evaluation

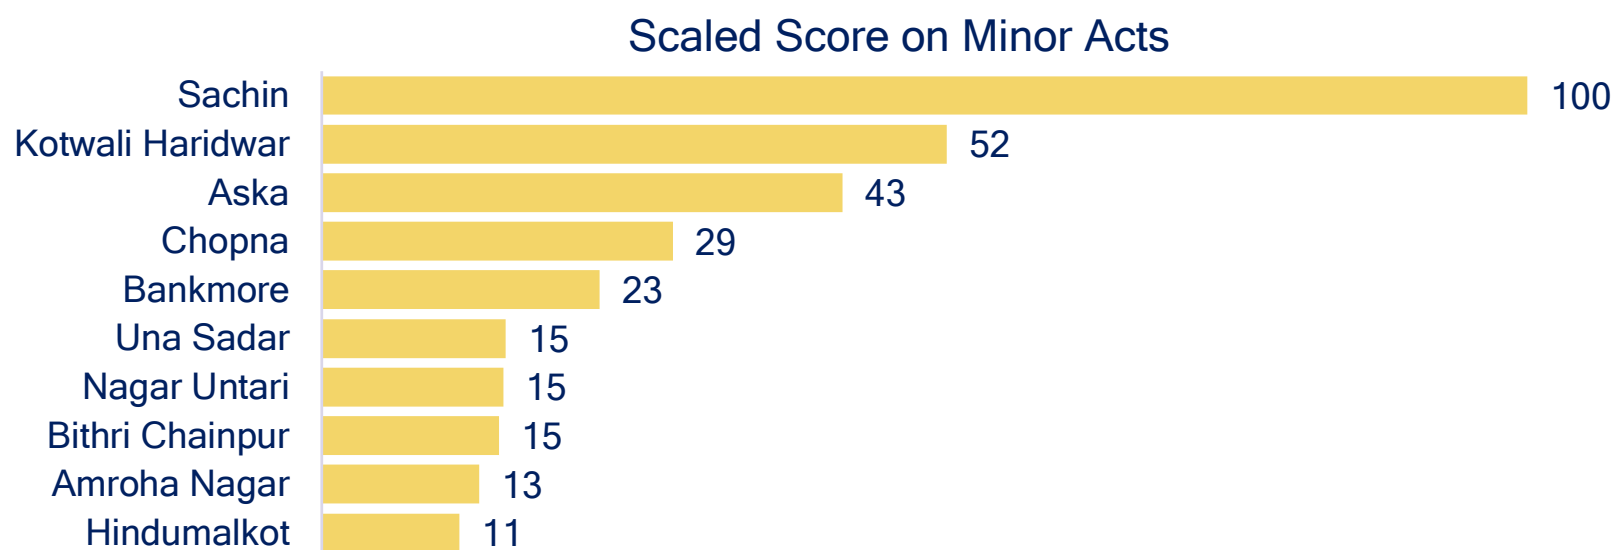

Categorization of States/UTs on 'Performance Based Heads (S<sub>2</sub>)' Evaluation

## Head-1: Minor Acts

Under this head, the performance of Police Stations was assessed by awarding positive points based on their active involvement in detecting, seizures and arrest in the cases of gambling, illegal liquors, drugs, violation of arms act, violation of explosives act and other similar acts in which sentence is above 3 years. It is found that on average, around 125 cases per Police Station was recorded under this head during the year 2021. The relative position obtained by the top ten police stations under this head is depicted below.

## Head-2: Preventive Actions

The assessment under this head is mostly concerned with preventive actions. The marks are awarded to the police stations for the execution of orders under Sections 110, 122 and 151 of the Code of Criminal Procedure, 1973. Also, preventive actions under the National Security Act, Prevention of Anti-Social Activities, Goonda Act, Motor Vehicle Act are awarded positive marks. On average, around 240 cases per police station was prevalent under this head.

### Head-3: Execution of Warrants

The marks under this head were awarded based on the execution of warrants of the various kind such as standing warrants, arrest warrants, proclaimed offenders etc. In each of these cases, extra marks were awarded if the person arrested was wanted in another police station. The average number of orders executed under this head was around 191 per police station.

Scaled Score on Execution of Warrants

### Head-4: Disposal of Old Cases

Under this section, positive marks were awarded for disposing each case under section 173 (8) and Section 299 of the Code of Criminal Procedure, 1973. However, the addition of any new case/ individual charge-sheeted under this head fetched negative marks. It is observed that on average, 29 cases were disposed of per police station and at the same time, only 2 new cases were added. In case of arrest of charge-sheeted persons under this head, it was around 2 per police station and addition of new charge-sheeted person was around 0.6 per police station.

Scaled Score on Disposal of Old Cases

## Head 7 & 8: ACB Trap and Suspensions

Under these heads also, there was provision for negative marking. For each case of trapped personnel and each case of suspension, there were negative marks. In the case of Trap by ACB, 3 cases were found in two police stations. However, in the case of Suspension, it was found that a total of 11 personnel from 8 police stations were suspended.

## Head 9-19: Performance-Based Evaluation

Under these heads, marks were allotted for disposing of old cases, speedy charge-sheeting of cases related to rape and crime against weaker section, recovery of stolen goods, detection of property offences, speedy verifications (for passport, arms, service, etc.), rate of accidents (in comparison to the previous year), rate of disposal of malkhana related case, case pendency rate, Community Liaison Group (CLG) meeting and false entries. The top police stations scoring better marks on these criteria are depicted below in their relative order of performances.

## Part-2: Survey Based Assessment

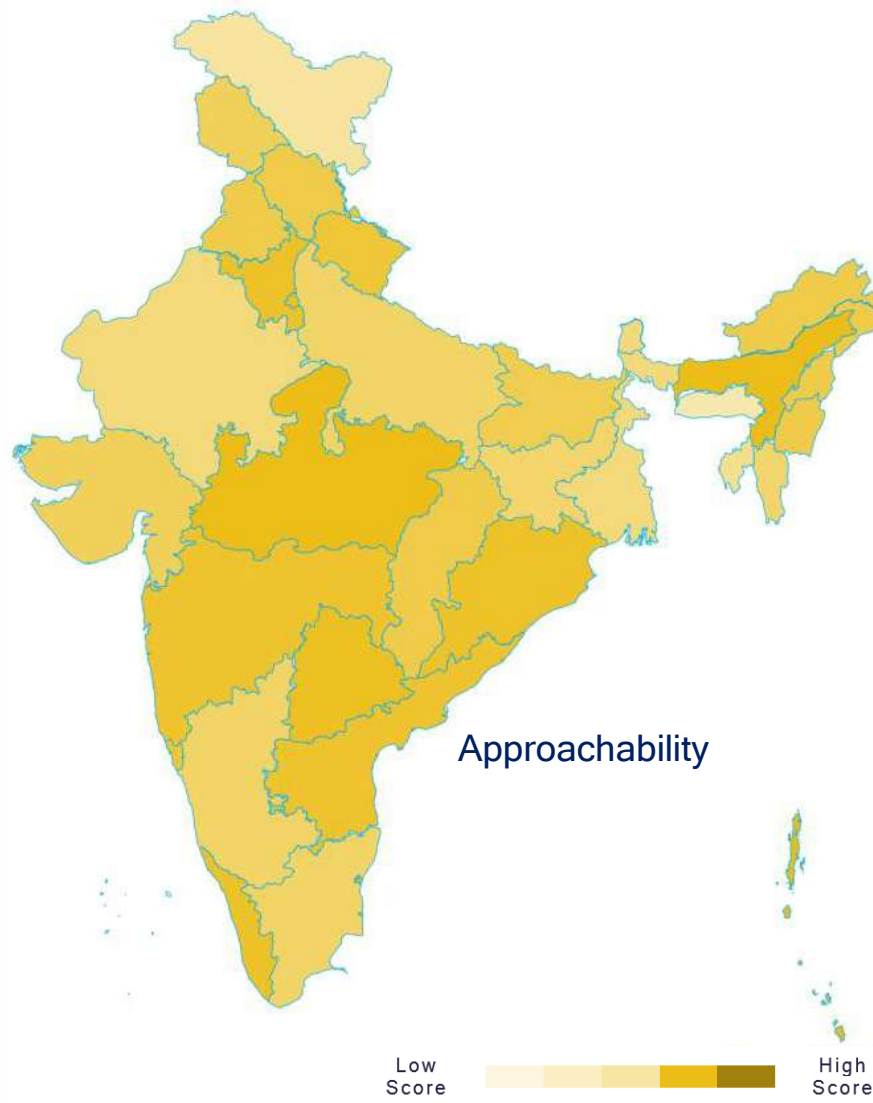

### Infrastructure of the Police Station and approachability

While assessing the infrastructure of the police station and approachability, the major consideration was given to basic amenities for the visitors as well as personnel of the police station. The assessment was done for the infrastructure such as Barrack, Police Station Compound & Building, Lock-up, Mess & Canteen, Record & File Storage, Safety & Security of Police Station and Toilets & Cleaning Staffs etc.

#### Infrastructure and Approachability

## Citizens' Feedback

### Feedback of People leaving the Police Station

## Shopkeepers in nearby market

## People in a nearby residential area

## 4. THE RANK HOLDERS

- 1 Aska PS, Ganjam, Odisha 
- 2 Women PS, Arwal, Bihar 
- 3 Banbasa PS, Champawat, Uttarakhand 
- 4 Bank More PS, Dhanbad, Jharkhand
- 5 Pahargaon PS, South Andaman, A&N Islands
- 6 Chopna PS, Betul, Madhya Pradesh
- 7 Warasiya PS, Vadodara, Gujarat
- 8 Bhupdeopur, Raigarh, Chhattisgarh
- 9 Women PS, Kohima, Nagaland
- 10 Hindumalkot PS, Sriganganagar, Rajasthan

# #1 Aska PS, Ganjam, Odisha

# #2 Women PS, Arwal, Bihar

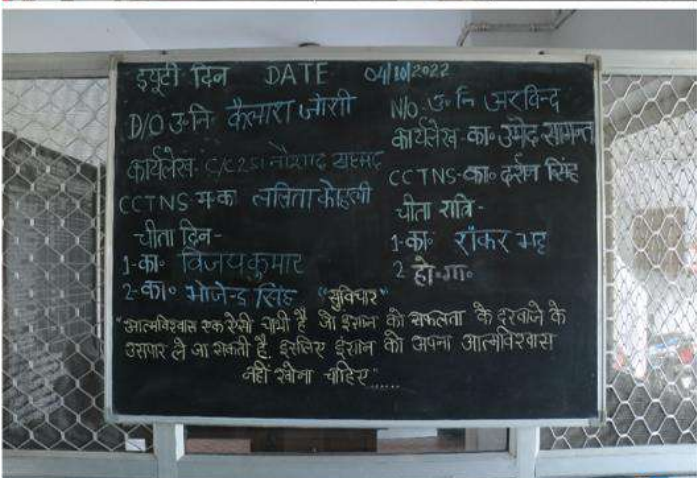

# #3 Banbasa, Champawat, Uttarakhand
