SRO BSF intends to purchase 50 Nos of Bullet Proof Sheet of dimension **3300 mm x 1800 mm x 6 mm [11 Feet (L) x 6 feet (W) x 6 mm (thick)** for using in conversion of normal vehicle into Bullet Proof vehicle. QRs of Bullet Proof Sheet with stand same as QRs of LBPV already approved by MHA. However, following specification is given below to invite views/comments/suggestion/participation from the OEM and authorized dealers/agents to assess the availability of firm who can provide B P Sheet of above required dimension so that tender can be floated accordingly and maximum participation of firms may be ascertained.

- (i) Length of B R Sheet : 11' (Feet) [3300 mm]
- (ii) Width of B R Sheet : 6' (Feet) [1800 mm]
- (iii) Thickness of B R Sheet : 6 mm
- (iv) Hardness – 600 T
- (v) Protection level – NIJ level – III.

i.e. B P Sheet should be able to withstand direct hit of 7.62 x 51 mm Ball as prescribed by BPR&D, fired from SLR at a distance of 10 M at an angle of 90° direct impact.

- (vi) There should not be any perforation and cracks on the rear end of BP Sheet during test trial.

Composition of B P Sheet is not being uploaded being a sensitive nature, interested firm may collect the same from this office on written request on their official letter head signed by either head of the division or equivalent officer authorized for doing so.

Contd.....2-

SRO BSF has decided to upload the requirement of B P Sheet of above specification on MHA and BSF website for 15 days to invite views/comments/suggestion from interested OEM and authorized dealers/agents/suppliers to ensure healthy and transparent procurement of Bullet Proof Sheet of above required dimension. The EOI may be send through fax or email as mentioned above.
