This information is scattered among various States/UTs. You are, therefore, requested to obtain the information directly from the concerned State/UT as per DOPTs O.M. The Appellant specifically asked the PIO to reply on email ID- rajeevaor@gmail.com, which is not done for the reasons best known to PIO, despite clear provisions of law in this regard under the RTI Act. 3. No specific information has been provided. PIO should have at least provided important email addresses, which are in its possession. If the information is not available in the format requested, the PIO should have at least tried to provide the best available information, after all it does not take much to send email IDs in a soft copy, which is not done, hence refused the information. 4. Appellant is seeking information and does not want certain administrative action by the department. It is apparent that information was sought as defined under Section 2 (f) of the Act. The appellant is seeking information and does not want professional advice or opinion or clarification from the PIO. The PIO's interpretation of Section 2(f) is wholly misconceived. 5. Instead of informing to visit the other departments/ministries of State Governments and UTs, the PIO should have transferred the application under section 6 (3) of RTI act to the concerned. The interpretation of PIO under section 6(3) of RTI act of another public authority and other public authority is misleading. The word used is SHALL, so there is no discretion and the public authority ought to have transferred the application, which is not done in this RTI application. It is clear violation of RTI act and should be treated with stern penalties on the PIO concerned.
